

The FRAN TARKENTON PRO FOOTBALL NEWSLETTER is published each month from August 15th through January 15th.

The NEWSLETTER brings you the latest factor changes (based on current performances), news of injuries, rookie ratings, "special team" ratings, etc. etc.

Every player in both the NFL and AFL is reported on all through each season and your game is always as up-to-the-minute as the moment you are playing it.

In addition, the NEWSLETTER brings you such features as new offensive and defensive plays to use in the game. Additional pass patterns and running plays such as the "Lombardi Power Sweep"..... also, innovations such as the "Short Kick Off" and a few "Flea-flickers" for occasional surprise..... and, on defense, the dangerous but exciting "Safety Blitz", the "Dooley Shift" (taking out a linebacker and putting in a 5th defensive back on obvious passing situations) and more.

Also, there are discussions of good football strategy..... which plays work best against different teams ?..... where are the weak defensive spots around the league ?..... the importance of establishing momentum..... making up (and sticking to) a Game Plan..... how to play "catch up" football..... etc. etc.

In addition, there are articles by Fran and other NFL and AFL players bringing you inside information on the current pro scene you won't find in other publications.

The NEWSLETTER also contains helpful suggestions on keeping statistics and records of all your games. For example, How to Chart a Game and then review it the way pro coaches review their game movies..... what worked for you ?..... what went wrong ?..... where were the breakdowns ?..... was anybody "dogging it" ?..... etc. etc.

Also, several different versions of solitary play are discussed and demonstrated and a special section is set aside for answering questions from readers.

THE FRAN TARKENTON PRO FOOTBALL NEWSLETTER makes fascinating reading for all pro football fans and especially for fans of Fran Tarkenton's Pro Football game. ....

The total cost is only \$2.00 per year..... all subscriptions received in mid season will automatically be carried forward into the following season.
