Fumble Recovered 12-31 \* Lost Ball10-11, 32-39

Quarterback Aaron Rodgers has turned into a steady quarterback and he has plenty of options with receivers Greg Jennings and Donald Driver and tight end Jermichael Finley. Packers also have some receivers who could put up some big numbers... especially since Rodgers has a tendency to spread the ball around. The offensive line is one of the best in the nation and the team even used its first round pick on tackle Bryan Bulaga ( but do not expect him to start). That quality of depth will keep the offense moving even if injuries strike the lineNose tackle Ryan Pickett has moved to the outside to allow 2009 first round draft pick B.J. Raji to move into the middle. Pickett's versatility will give the front three a lot of options with a rotation that includes Cullen Jenkins, Johnny Jolly and Justin Harrell. Clay Matthews, Brady Poppinga and Brad Jones can get pressure from the outside linebacker spots and A.J. Hawk and Nick Barnett are a couple of quality interior linebackers. Of course, the secondary is still in good hands with corners Charles Woodson and Al Harris leading the way.
